Singapore Chinese Receive Emphasis of Sun Yat Sen With Open Arms, and Raise Fund to Aid Revolution

(Special Cable to Nippon Jiji.)
TOKIO, Nov. 5.—The Japanese government has sent a note to the Chinese president guaranteeing Japan that there will be peace in China.
The note states that Yuan Shih-Kai must bear the responsibility of any uprising in China that may follow his plans for reestablishing a monarchy—a plan of which Japan has expressed disapproval.

Count Okuma was called by the emperor yesterday to discuss the Chinese situation. After Count Okuma left the palace he immediately called the Japanese cabinet together and the Chinese question was discussed.
It was at this meeting that the cabinet decided to demand of Yuan Shih-Kai a guarantee of peace in the Chinese republic.

That the Chinese of Hawaii should join together in the movement to aid in preserving the republic of China, is a statement made by Chan Bak Kong, president of the national party in Singapore. Kong also states that the Chinese in foreign possessions are opposed to Yuan Shih-Kai becoming emperor. In a letter to the Liberty News of Honolulu, the writer reviews the situation in Singapore.
When the Chinese in Singapore heard that Yuan Shih-Kai was endeavoring to set himself up as emperor, they began a movement to collect funds to send to the revolutionary party in southern China. There are about

CATELL IS MAN CHOSEN TO MAKE NEW VALUATION

Well Known Expert From Coast on Mission to Testify in Rapid Transit Suit

W. B. Catell of San Francisco, who is an expert in determining the value of street railways, is the man who has been chosen by the Honolulu Rapid Transit and Land Company as a witness in the injunction suit which has been brought by the territory against the company.

This information has been received by L. Tennyson Peck, president of the Rapid Transit, in a wireless message from the expert, who is aboard the steamer Madeline on his way to Honolulu. Mr. Catell will investigate the plan of the Rapid Transit and testify in court regarding his findings as to the physical valuation and cost of the company's property.

Mr. Catell was learned today has determined the valuation of numerous large railroad systems in California for public utility commissions and bonding firms. He has also constructed and maintained street railways. His active work as an expert on valuations covers a period of many years.

A bit of humor was injected into today's hearing of the case, which doubtless proved a relief to those who have been following the trial.

William Barringer, an expert on valuations, and a witness for the territory, was on the witness stand. He was testifying to the cost of the property of the Rapid Transit, according to his own findings.

Several years ago, it seems, Clinton G. Ballentyne, manager of the Rapid Transit, bought a bath tub at an auction sale. He paid just \$10 for the appliance, it was learned today on good authority.

When Mr. Barringer was taking an inventory of the property of the Rapid Transit, he espied the ancient bathing receptacle, lifted it and placed a value on it—of \$100, at least, that is what was testified to this morning.

Manager Ballentyne was asked today if it would not be more profitable to sell the bath tub. Mr. Barringer's figure than to leave it lying around the Rapid Transit plant.
Among other things, Mr. Barringer testified that, according to his findings, the various buildings owned by the Rapid Transit cost about \$145,930. Equipment and tools, he said, cost about \$26,837.16, and the office furniture about \$454.80. The fixtures in the employees' club house cost approximately \$225,000, he added.

Russia Getting 15,000 Autos For Use in War Zone

Captain of Hyades Says Railroads at Seattle Congested With Big Shipments

War munitions of every kind, consigned to the Russian government for use by its army, are awaiting shipment by the trainload at Seattle and Tacoma, according to Capt. Troel Smith, commander of the Matson steamer Hyades, which arrived this morning from Seattle and docked at Pier 20 with a 6000-ton cargo for this and other island ports.

"While we were at Seattle we saw a tremendous shipment of armored automobiles for the Russian army," said Capt. Smith. "They were loaded on big flat cars, cased. Trains of the autos and other war supplies covered miles of railroad tracks there. The shipment was part of an order for 15,000 autos and motor trucks for the Russians. They were big, costly machines, Packards and Pierce-Arrows among them."

Capt. Smith says British and Japanese boats are making an average of one trip a week carrying the motor cars and munitions of war to Vladivostok from Seattle and Tacoma.
Capt. Smith says he has been notified to take command of the Matson passenger and freight boat Manoa, Sunday, when the ship returns from Kahului and Hilo. It is expected that he will have permanent command of the Manoa, succeeding Capt. Henry F. Weeden, who is no longer in the service of the Matson Navigation Company. Capt. William F. Rind, now in charge of the Manoa, will assume command of the Hyades after Sunday.

SUSPENSION FOR OFFICER GUILTY OF STREET BRAWL

Barboza Disciplined by Sheriff Rose This Afternoon After Hearing of Testimony

Sheriff Rose this afternoon suspended Policeman Manuel Barboza for two weeks, after hearing the testimony of some of the witnesses to the row which took place in front of the Mint saloon Wednesday night and in which four officers were said to have participated. The other officers were exonerated.

No charges have been filed with the Civil Service Commission, and unless some citizen takes such action the fortnight's suspension will be the only punishment Barboza will receive.

It was discussion of intricate points of a police officer's duties, involving the right of an officer to go into a private house and arrest a man when he was engaged in restoring order in his household by beating his wife, that led to the row in which Officers Manuel Barboza, Robert Akco, Joseph Perry and Abraham Kawahara mixed Wednesday night in the Mint saloon.

"We were all off duty," one of the officers said today, "and went into the Mint, where over a glass of beer we were talking of police work. Barboza took the ground that an officer did not have the right to go into a house and stop a fight between a man and his wife and when he was opposed by others, became vehement in upholding his side. Finally he got mad and went out, coming back later, with

U. S. TO PROBE RISE IN GASOLINE PRICES

ATLANTA, Ga.—A nationwide investigation into the recent advances in the price of gasoline is to be started by the federal commission, according to a letter to a local dealer from Commissioner Harris at Washington. The letter was in reply to a complaint made by local dealers against a recent jump of nearly 5 cents a gallon.

The Canadian Pacific broke the world's grain loading record when 1,675 cars or nearly 3,000,000 bushels of wheat were loaded.

The opening of the military instruction camp at Fort Hamilton Brooklyn, has been deferred until next summer.

VILLA MAPS OUT AMBITIOUS PLAN TO REGAIN PLACE

Will Take a Few Cities, Then Advance Upon Mexico City in Force

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Nov. 5.—It is reported from confidential but reliable sources that Gen. Villa is planning to march to Naco, Sonora, to establish his capital there, to send a force to Hermosillo, to take Guaymas and establish a base there and then advance to Mexico City.

BROWNSVILLE, Tex., Nov. 5.—It is reported that six Mexicans fired on eleven soldiers on patrol duty near here today. There were no casualties, so far as known.

ALPINE, Tex., Nov. 5.—Gen. Obregon is here, en route to Agua Prieta, where he will succeed Gen. Calles in command of the Carranzistas. He will then move at once to attack Villa at Naco.

DOUGLAS, Ariz., Nov. 5.—Gen. Obregon is expected here soon to cross into Agua Prieta and take command of the Carranza force. Gen. Calles' failure to advance from Agua Prieta and meet Villa, and to pursue him after his defeat, has caused dissatisfaction with his policy of command.

PHILADELPHIA WILL GET BACK LIBERTY BELL

(Associated Press by Federal Wireless)
PHILADELPHIA, Pa., Nov. 5.—A special committee of city councilmen today left Philadelphia to escort the famous Liberty Bell home from the Panama-Pacific exposition, where it was taken last summer. The Liberty Bell leaves the exposition next Thursday. The cost of this trip to the city will total \$75,000.

PENN STATE REVENGED FOR DEFEAT OF 1914

(Associated Press by Federal Wireless)
STATE COLLEGE, Pa., Nov. 5.—Penn State secured revenge for the defeat of last year by Lehigh, this afternoon on Beaver field, when the locals won by one touchdown. Cahall, who made such a good showing against Yale with Lehigh, failed to score on the Penn State squad. Local critics believe that the showing made by the State team today will make them even in the betting in the coming game with Pittsburgh. Score, Penn State, 7; Lehigh, 0.

President's New York Address Is Signal For Attack By Nebraskan

Former Secretary Calls Preparedness "Reversal of National Policy and Menace to Peace" of U. S.

(Associated Press Service by Federal Wireless)

WASHINGTON, D. C., Nov. 5.—President Wilson's declaration of national military policy, based on thorough preparedness as the guarantee of freedom from foreign aggression, has brought a rejoinder from William Jennings Bryan which heralds a bitter fight between the Democratic leaders.

This bitter fight will be carried to Congress, it is confidently expected in Washington circles, and may play a large part in the next presidential campaign.

The president's policy, as outlined last night in the notable speech he delivered at the Manhattan Club, New York City, is, according to Bryan, entirely unjustified by the facts and places the United States in the light of a militaristic nation. Today in answer to the president's statement that he was supporting the plans for army and navy expansion, Mr. Bryan issued a formal statement in direct opposition to the president's attitude.

"The president's policy of defense is a departure from the traditions of the United States. It is a reversal of our national policy," declares the former secretary of state.

"The plans for military expansion he proposes constitute a menace to the peace and safety of the country. They challenge the spirit of Christianity which teaches us to influence others by high example instead of by fear."

Referring to Mr. Wilson's comment that "we are arming solely in preparation for the defense of liberty should the time ever come when it may be threatened," and his further comment that "our work is only that we may have an army adequate for the times while working always for international peace," Mr. Bryan's formal statement says:

"Preparedness as a means of defense is a false theory. Preparedness leads nations to use force of arms upon the slightest provocation. A man carries a pistol ostensibly for purpose of defense, but will more readily engage in a fight than one who goes unarmed."

In reply to the president's declaration that the country is asking how far prepared the United States is to guarantee against interference with national development, Mr. Bryan says:

"The country is not threatened. We are friends with the entire world and have nothing to fear from aggression," and added that the international situation does not justify the United States in arming for possible war.

The statement of the former secretary of state has produced a distinct sensation in official and semi-official circles. It is regarded as the opening gun in the fight to line up members of Congress for and against the elaborate army and navy expansion program which has been worked out by military experts and indorsed by the president, the secretaries of war and the navy, and other administration leaders.

TRAIN BRUSHES SHEET IRON OFF; STAYS ON TRACK

(Associated Press by Federal Wireless)
SAN FRANCISCO, Cal., Nov. 5.—What is believed to have been the work of desperate U. S. agitators nearly resulted in the wreck of the Southern Pacific "Owl" train last night 20 miles north of Fresno. Heavy sheet iron was put across the tracks but the train brushed aside the obstacles and remained on the rails.

PROSECUTOR IN SCHMIDT CASE NOW UNDER FIRE

(Associated Press by Federal Wireless)
LOS ANGELES, Cal., Nov. 5.—Attorneys defending Matthew Schmidt, who is charged with criminal complicity in the plot which resulted in the wrecking of the Los Angeles Times by an explosive, today asked that Special Prosecutor Noel be disqualified. It is alleged that he is not a citizen of California and has not been admitted to practice law in this state. The motion has been taken under advisement.

RUSSIANS HARD HIT IN ATTACK, GERMANS ASSERT

Declare Riga Campaign Continues With Hindenberg Punishing Slavs Heavily

The following cablegram from official German sources has been received: "German Headquarters Report, Nov. 5:

"Germans conquered a trench north-east of Lemsanil, mentioned in headquarters report of October 26. The French counter attack against positions conquered by Germans north of Massiges failed with heavy losses. The number of prisoners reached three officers, 90 soldiers, eight machine guns, 12 small mine throwers.

"Field Marshal French is officially reported as saying: 'It can be deduced from the casualty lists of seven German battalions which participated in the Loos battle, that their losses were 80 per cent of their effectives.'"

"This affirmation is pure invention. 'On the east in spite of extraordinary losses of Russians between Swenden and Ilsen seas and near Gatali they made repeated useless attacks.'"

"Von Linsingen's army northwest of Czartaryk ejected the Russians, after brief advance, into their former position. North of Komarov Russian counter attacks failed. Germans advance east of Budka. Gen. Bothmer's attack is successful against the Russians defending a part of Siemikowce, 2000 more Russians captured.

"Balkan arena: General advance made, 2700 Serbians prisoners."

RUSSIAN ADVANCE IS CHECKED; THEY RETIRE

(Associated Press by Federal Wireless)
BERLIN, Germany, Nov. 5.—The Berlin bulletins say that the Russians made a temporary advance northeast of Czartorysk but met such determined resistance that they were forced to retire into their former positions.

TERRIBLE COLD STOPS ITALO-AUSTRIAN BATTLES

GENEVA, Switzerland, Nov. 5.—The terrible cold of winter in the Alps is paralyzing offensive and defensive moves in the Italo-Austrian campaign. Heavy snows and great avalanches are reported from the Carnic Alps and the encounters between the hostile troops have been stopped, each side devoting its energies to building winter quarters in the advanced positions. Much suffering from cold is reported among the troops.

BULGARIAN ARMY NOW CLOSE TO SERB CAPITAL

GENEVA, Switzerland, Nov. 5.—Latest reports from the Serbian arena show that the Bulgarian army is within six miles of Nish and steadily reducing the outer defenses of the capital city. Its fall is now regarded as certain.

Berlin Claims Advance of Slavs Results Only in Heavy Losses and Positions Can't Be Held Against Defense

(Associated Press by Federal Wireless)

BERLIN, Germany, Nov. 5.—It is officially reported here that the Bulgarian army has succeeded in routing the French expedition which landed at Saloniki and struck inland to succor the Serbs, many of the French being captured. Austrian troops are attacking along the western Montenegrin border to block the Serbs in their retreat from other arenas where they have been beaten.

COMMANDER OF KOVNO
DISGRACED FOR FAILURE

PETROGRAD, Russia, Nov. 5.—Disgraced and heavily penalized for the capture of the fortress of Kovno by the Germans, Gen. Gregorieff, the Russian commander, has been found guilty by court-martial. He was charged with being absent from the fortress at a critical time and with inadequate defense of the stronghold. The court-martial was held at Dvinsk. Gregorieff has been sentenced to 15 years at hard labor and to the loss of all his civil and military rights.

KING CONSTANTINE TO RETAIN PREMIER ZAIMIS

LONDON, England, Nov. 5.—With King Constantine insisting upon neutrality and upon keeping in office a cabinet which aims to promote neutrality, there seems little likelihood that even the vote of lack of confidence will unseat the Zaimis ministry.

ARMENIAN NEED TOUCHES HAWAII; MONEY SENT ON

Eighteen hundred dollars for Armenian relief was forwarded today by New York draft from the War Relief Committee, organized originally as the result of Belgian need. The money was sent to the Red Cross organization in New York City. The committee also forwarded \$50 contributed by Mrs. S. B. Dole for relief of Polish babies and this money will be sent to the proper authorities.

The king is expected to continue the Zaimis ministry in office rather than to take the only other alternative which has presented itself, that of restoring Former Premier Venizelos, whose resolve to enter the war with the Allies is openly recognized.

King Constantine has called the leaders of the ministry into a conference and has made Minister Yanakitsas, of the war portfolio, his aide-de-camp. Thus the breach between the war minister and Venizelos finds the king supporting the war minister.

GERMANS DENY RUSSIAN OFFENSIVE SUCCEEDING

BERLIN, Germany, Nov. 5.—The official bulletins today admit that the Russian forces have taken the offensive southwest of Dvinsk, where Gen. von Hindenberg's army has been vainly endeavoring to make progress in the Riga campaign, but the official announcements deny that the Slavs have succeeded in their attacks, saying that the charges broke down under German fire and the enemy suffered heavy losses.
